

## Women's Health *Innovation Program*

Springboard's Women's Health Innovation Program is for women-led companies seeking growth funding and connections to experts and strategic partners for product development and expansion. The program combines high-value events and workshops with an impactful community.

### AREAS OF FOCUS

Areas of focus for the program include innovative solutions in Cognitive and Brain Health, Cardiovascular Health, Reproductive Health, Gynecological and Sexual Health, Aging and Bone Health, Oncology, and Autoimmune.

### THE PROGRAM

Springboard recruits and qualifies high potential women-led companies. 10-12 selected cohort members participate in an intensive 6 month program and are paired with a team of advisors who are charged with making a meaningful impact on the entrepreneur's next stage of growth. The program culminates with a demo-day showcase event.

#### ADDRESS CRITICAL NEEDS

We assess critical short term needs and match each company with a team of strategic advisors.

#### MAKE THE BUSINESS CASE

We refine the way you message your business opportunity.

#### FAST TRACK ACCESS

We leverage our global Expert Network to provide access to investors and corporate partners.

### THE NETWORK

We foster business relationships that continue to deliver long-term value well beyond the program:

#### ALUMNAE NETWORK

Lifelong access to an expanding global network of successful women entrepreneurs.

#### VISIBILITY

We leverage our global Expert Network to provide access to investors and corporate partners.

#### TRUSTED SOURCE

We provide visibility for entrepreneurs through opportunities to serve as speakers, subject matter experts, awards, and more.

## Women's Health Innovation Program

### THE HISTORY

In 2020, Springboard created the Women's Health Innovation Coalition, a collaboration of advocacy organizations, innovators, investors, clinicians and industry leaders focused on women's health initiatives. In 2023, we are expanding our impact by launching the inaugural cohort of companies innovating in Women's Health.

"Researchers have found sex differences in every tissue and organ system in the human body." – Caroline Criado Perez, author of "Invisible Women"

### THE SPRINGBOARD DIFFERENCE

#### NO RELOCATION

No need to uproot your company.

#### 23-YEAR TRACK RECORD

880+ women-led companies have created \$36B in value.

### WE'VE GOT YOUR BACK

"Springboard is not just an incubator of women with great companies. It is simultaneously the teammate, the coach and the cheerleader. It is a catalyst for long-term success."

– Melissa Manice, Cohero Health & Springboard Alumna
